Mangaia Disability Inclusive Development Action Plan 2015
Progress Report &
Livelihood Project for Persons with disabilities
8 – 10 June 2016

Prepared by the Disability Division
Ministry of Internal Affairs
Government of the Cook Islands
June 2016
Outcomes

Introduction

1. The Divisions for Disability and Welfare of the Ministry of Internal Affairs in partnership with the Research Division of the Ministry of Agriculture travelled to the island of Mangaia to conduct two projects relating to the inclusion of persons with disabilities and the level of recognition in the development of the island. This was held from the 8-10 June 2016.

2. The projects were:
   a) Follow up on progresses made by the island community in implementing their Disability Inclusive Development Action Plan developed in 2015
   b) To conduct practical livelihood training for persons with disabilities in growing vegetables for themselves

Participants

3. In attendance to the two days events were the Island administrators including the Mayor, Executive officer, School principal and staff, Mangaia Disability committee, Elderbility (senior citizens Manager), Disability Centre staff, Health nurses, Internal Affairs officer and persons with disabilities. A list of participants is attached as Annex 1.

Meeting

4. On arrival to Mangaia, the two facilitators were taken to the Mangaia Disability Centre where they met with the Island officials, School principal, Disability committee and staff, care givers of persons with disabilities, nurses, persons with disabilities and family supporters. The meeting opened with an opening prayer followed by formal welcome speeches by the Mayor of the island. In his speech, the Mayor expressed his appreciation for being invited to the morning’s occasion. “I am grateful to be here not only to hear but witness the progresses made by the Organization of persons with disabilities on Mangaia in promoting the rights of persons with disabilities and their inclusion in various area in the community. I am also encouraged with the progress of inclusiveness in our school on the island”. In reply, the two facilitators from Rarotonga, Ms Takingaiva Tau Eitiare and Mr Moe Tutira expressed their appreciation to those present and briefed every one of their mission. The facilitators also acknowledged the support by the Cook Islands Government and the Australian Government in making the trip possible.

Session 1
Progress in implementing the Mangaia Disability Inclusive Development Plan 2015

---

1 Annex 3 of Outcome report
5. Ms Tau Eitiare commenced her session by discussing the purposes of the Mangaia Disability Inclusive Development Action Plan 2015 and benefits for the island in the overall development of the country. She also guided the participants through 10 questions based on actions required of the community to do according to the six objectives of the Disability Inclusive Development Action Plan. It was an informative discussion done in recognizing and promoting the rights of persons with disabilities on Mangaia. Questions and responses are attached as Annex 2.

Session 2
Livelihood training for persons with disabilities at growing vegetables

6. This session was held at the Disability Centre at Oneroa and it began with the Agriculture technical expert Mr Moe Tutira introducing the participants with the basic theories and demonstration of methods for planting. This includes the types of soil, organic nutrients necessary for healthy growth of plants or vegetables, methods of planting different vegetables and how to care for them.

7. At the end of his presentation Mr Tutira asked each participant with disabilities to plant cabbage shoots in two bags of soil and take them home and look after. From the Centre the team departed for the homes of some of the selected clients with disabilities beginning in Ivirua on the eastern side of the island.

8. In Ivirua the team called at Aumetua Rennie’s residence where she was given a tray of tomato shoots ready to transplant in her garden. A photo of her planting plot was not available as it was too far from her home. Her father however, assured the team that he will be assisting Aumetua with her vegetable garden.

9. From Ivirua the team proceeded to Tamarua on the southern side of the island which is about 10 kilometres away from Ivirua. On arrival at Tamarua the team called at Kaiteti Metuataopu’s residence where this woman with disabilities and her daughter who is also disabled were waiting. The same demonstration given to participants at the Disability Centre was also shown to the two ladies as they did not attend the Centre that morning.

10. From Kaiteti Metuataopu’s residence the team went to Tuteretere Metuataopu’s planting plot. This is another woman with some form of impairment who has a 10 year old son. On arrival, she and her son and the Climate Change team were waiting for the team. The Climate Change team were involved through

---

Annex 3 of Report
our working partnership by providing the vegetable shoot, a project initiated through the
(Strengthening and Resilient of our Island Communities to Climate Change) SRIC project.

11. Tuteretere and her son had a big plot of land ready for planting. The team helped by digging the poles for
fencing the vegetable garden. The fencing materials were provided by the DID project. The technical officer, some
persons with disabilities and supporters helped planting different vegetables in this garden. Prior to planting, the
ground was fertilized in along the rows where the vegetables are to be planted.

Monitoring

12. Persons with disabilities are responsible for the monitoring of their crops ensuring they are
watered and cared for with support given them by family members, Disability Centre staff and
Welfare officer. “Since this is the first project of this kind for persons with disabilities, we expect
some challenges, however we will learn through it,” said Welfare officer, Mr Poroa Arokapiti. “This is
the beginning for them in the area of planting for their own consumption as well as for selling in
order to get some extra earnings, “said Mr Arokapiti. Progress report on the project will be send by
the Welfare officer to the head office in Rarotonga.

Acknowledgment

13. The Mayor, Executive officer, Welfare officer, Committee for persons with disabilities and
clients expressed their appreciation to the Government of Australia for the support given their island
people through this project. They also extend their gratitude to the technical officer Mr Moe Tutira
for his patient and support to them. The same gesture is also extended to Ms Iva Eitiare for her part
in following on the progresses made by the Island in the implementation of the Mangaia Disability
Inclusive Development plan.

14. The Disability Division of the Ministry of Internal Affairs extends its appreciation to the
Director of the Research Division of the Ministry of Agriculture for releasing his staff Mr Moe Tutira
to conduct the livelihood training project for persons with disabilities on Mangaia.

15. Lastly, the facilitators would like to thank the Secretary of the Ministry of Internal Affairs and
the Disability Division for the opportunity to carry out this mission to support persons with
disabilities on Mangaia.

END
Annex 1

Responders to the Questionnaire

1. Teremoana Ataariki  Island Mayor
2. Antony Whyte  Island Executive officer
3. Gill Vaiimene  President Elderly/Disability organizations
4. Inangaro Papatua  Secretary, Disability Council
5. Ne Tara  Manager Elderbility (Senior citizens)
6. Ruru Tangatakino  Disability Centre Coordinator
7. Tangi Metuakore  Disability Centre staff
8. Michael Papatua  Mangaia School Principal
9. Kaiteti Metuataopu  Intellectually impaired
10. Mariuake Kaiteti  Intellectually impaired
11. Aumetua Rennie  Physically impaired
12. Poroa Arokapiti  Internal Affairs officer
13. Papa Moe  Facilitator
14. Iva Eitiare  Facilitator
